AUREVÉ

Story

Inspired by the warmth of natural skin, soft sunlight, and delicate organic textures. A calm, timeless palette expresses effortless comfort and understated luxury.

Concept

Inspired by the energy of movement and the calmness of nature, this collection combines functional support with contemporary style. Bold Tyrian Purple, vibrant Citron and soft Sage Green create a dynamic colour story, while breathable stretch fabrics and lightweight layering ensure comfort, flexibility and support during high-impact activities.

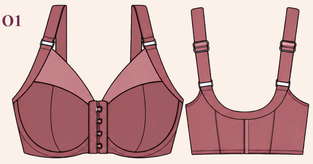
FINAL *Range*

Larger bust sizes often face issues such as insufficient bust support, shoulder strap digging, excessive breast movement, underwire pressure, side bust spillage and back band discomfort. Poor weight distribution, sweating, improper cup fit and difficulty fastening also reduce comfort and confidence during daily activities.

04

01



02

03

The designs provide enhanced support for larger bust sizes through full coverage cups, wider adjustable straps, reinforced underbands and supportive mesh panels. Ergonomic construction improves weight distribution, reduces shoulder pressure and ensures better comfort, fit and stability.

FINAL *Range*

05

01

Designed with structured sweetheart cups, adjustable shoulder straps and a wide supportive underband to provide enhanced bust support, lift and a smooth silhouette.

02

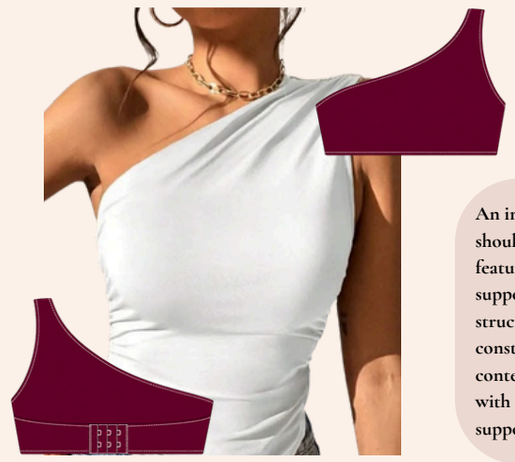
Features a halter style neckline with supportive moulded cups and a secure back closure, offering improved weight distribution and a stylish neckline.

03

Designed with cross-back straps and full coverage cups to improve shoulder stability, reduce strap slipping and provide enhanced support.

04

Features structured underwire cups, a wide supportive band and a secure grip construction to provide reliable lift and stability without shoulder straps.



05

An innovative one shoulder design featuring an extended supportive panel and structured cup construction, combining contemporary styling with functional bust support.
